

Timestamp	Email address	What is your age?	Is the code easy to understand?	Are the naming conventions suitable for this program?	What enhancements could I include?	Is there anything else that could be included?	Any further comments?
01/12/2021 14:28:15		16-24	Yes	Yes	ANNOTATIONS	NO	NO
01/12/2021 14:30:35		16-24	Yes	Yes	a few more comments	a few more comments	nope
01/12/2021 14:36:28		16-24	Yes	Yes	more comments	nope	nooooooooooooooppppppppppppeeeeeeee
01/12/2021 14:37:29		16-24	Yes	Yes	no	no	no
01/12/2021 14:37:32		16-24	Mostly	Yes	Premium accounts for non developers	N/A	N/A
01/12/2021 14:39:17		16-24	Yes	Yes	i have no clue	idk	no nah
01/12/2021 14:39:27		16-24	Yes	Yes	nah	nah	
01/12/2021 14:40:45		16-24	Yes	Yes	nothing from me	not that I can think of	NO
01/12/2021 14:47:35		16-24	Yes	Yes	no	no	
01/12/2021 14:48:27		16-24	Yes	Yes	dunno blud	na blud	mashalla brother
01/12/2021 14:57:10		16-24	Yes	Yes	/	/	/
01/12/2021 14:58:14		16-24	Yes	Yes	Add a graph for users to look at.	Not that i can think of	Nope
09/12/2021 22:03:01	andrew.chisholm@hsdc.ac.uk	59+	Mostly	Mostly	bank details, accessibility	I would start at the bottom of the code and work in a top down way.	It's event driven - so it's worth saying this to help explain to someone who doesn't know what this means
